## SOURCE

25X1 [REDACTED] the PEENEMÜNDE (N 55/P 08) airfield, the field has been under reconstruction since 1 July 1949. About 1,200 men and women working in three shifts are there.

25X1A [REDACTED] Comment: Since this is the first information on reconstruction work at the PEENEMÜNDE airfield and it requires confirmation. According to a report of September 1948, all hangars were destroyed, the installations of the testing station dismantled, the landing field including the runways were serviceable. An air unit has so far not been observed at the airfield.
